

EMPLOYEE SPOTLIGHT

MARSHALL KING

Senior Utility Inspector

What is your role at KKCS and describe some of your professional strengths.

I currently serve as Senior Utility Inspector for Section 1 of LA Metro's Purple Line Extension but have been working with LA Metro for more than 25 years, first starting on the Red Line project in 1991. My professional strengths include being able to recall past and previous experiences to anticipate next processes needed for the upcoming stations for the Purple Line Extension.

What do you enjoy about working at KKCS?

After a health scare a few years ago, I am now heart-healthy and happy to be back on the job. I support inspection staff in their daily activities and also serve as a resource to construction inspectors who are new to the project. I enjoy working with colleagues and serve as an open book when it comes to all things related to LA Metro's underground tunneling projects.

What do you like to do in your spare time?

I am a die-hard fan of the Pittsburgh Steelers and enjoy watching football while resting on my days off work. I also enjoy gardening and traveling with my wife.
